

Venray, Netherlands

Established in 2010, and located in the Venlo-Venray area – the logistic hotspot of Europe – Jabil Venray is a strategic manufacturing and direct fulfillment location with easy access to seaports, airports and rails. As a customer-centric manufacturing and logistics partner, Jabil Venray is highly experienced with build-to-order (BTO), configure-to-order (CTO), warehousing, VAS/VAL activities, distribution and transport management.

Jabil Venray has a highly-skilled and flexible workforce of over 300 experienced employees and averages more than 35,000 shipped printers per month.

Jabil Venray is a manufacturing and logistics partner, Jabil Venray is highly experienced with build-to-order (BTO), configure-to-order (CTO), warehousing, VAS/VAL activities, distribution and transport management.

Manufacturing Agility

The advantages of manufacturing and direct fulfillment in Venray are vast, offering customers a diverse suite of capabilities. Key benefits include:

- Simplified customs procedures and VAT deferment
- Zero import on value added tax
- Flexible workforce for both IL and DL based on customer volumes
- 60+ active Green Belts and five Silver certified team members
- Low m2rates, flexible rental per section and expansion capabilities
- Compliant partner – TAPA-A security, 24/7/365 on-site security
- Favorable business environment – fiscal representative and tax incentives
- Experience and flexibility adapting into new industries
- 36 loading docks

These advantages make Jabil Venray an attractive manufacturing and logistics location to meet time-to-market and quality requirements.
