What is E-JPPAP

- E-JPPAP is an electronic system that Jabil assign the PPAP requirements to supplier and review the PPAP submitted by supplier.

- **Benefits of E-JPPAP**

By using the E-JPPAP system, we can:

- Standardized the process of assigning PPAP to supplier and reviewing PPAP submitted by supplier.
- Simplified the interaction between Jabil and supplier.
- Automatically remind the PIC to complete the required actions.
- Easy to track the activities completed in the JPPAP process.
- Easy to retrieve the JPPAP records.

Requester

- Create the PPAP request
- Enter part's information
- Select the Supplier
- Enter supplier's contact
- Set the owner for PPAP review.

Owner

- Select the team member(s)
- Define the PPAP requirements
- Review the PPAP from supplier
- Finally approve the PPAP
- Upload signed PSW

Team Member

- Support owner to review the PPAP

supplier POC

- Submit PPAP as per request from Jabil
- Submit additional information if required by Jabil

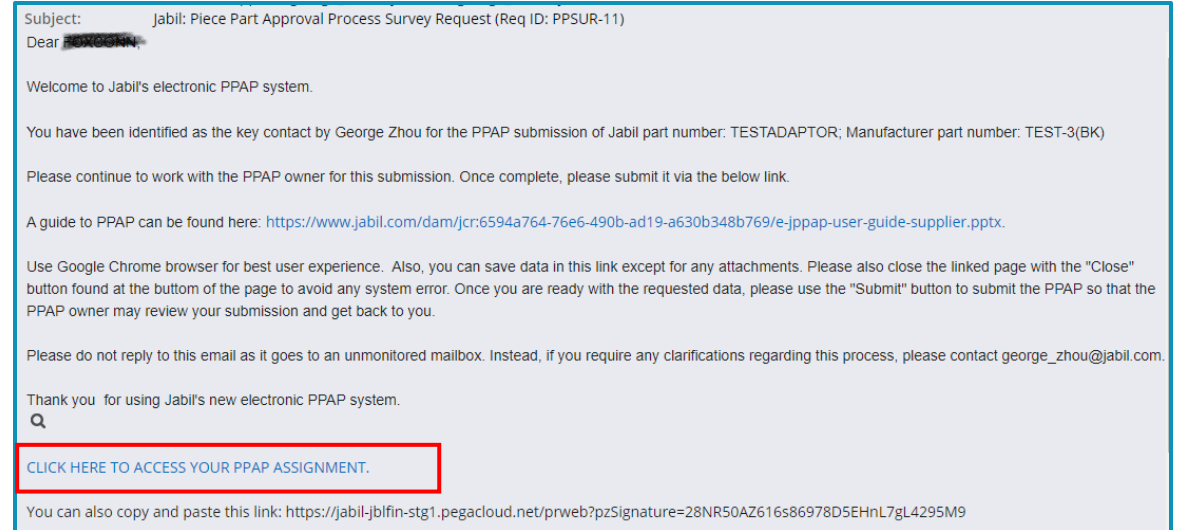

PIC: Requester Team Member(s)
 Owner Supplier

Once Jabil assign a PPAP request to supplier, supplier will receive a system notification to submit the PPAP.

Step 1: Open the PPAP assignment by clicking the link or copy and paste the http link to browser.

Notes:

- *No account and password needed.*
- *If the PPAP be rejected by Jabil, a new notification with **new link** will be sent to supplier, the original link can't work anymore.*
- *If supplier need to submit more than one PPAP cases, once submitted one case successfully, must close the browser before open the next case. Otherwise, system will show the case be locked.*

Can download Jabil PPAP template via the links:

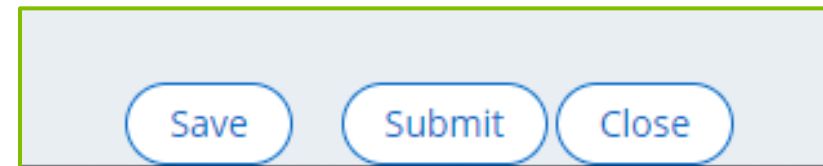

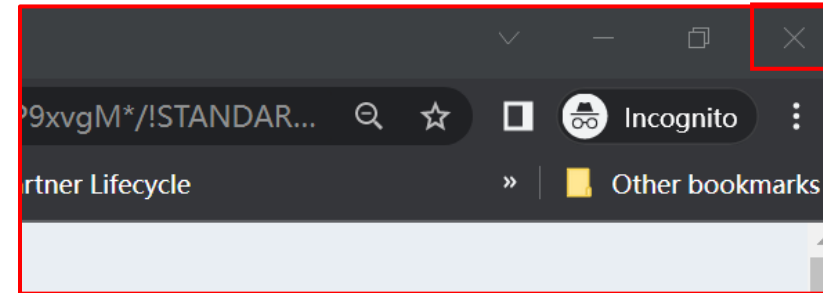

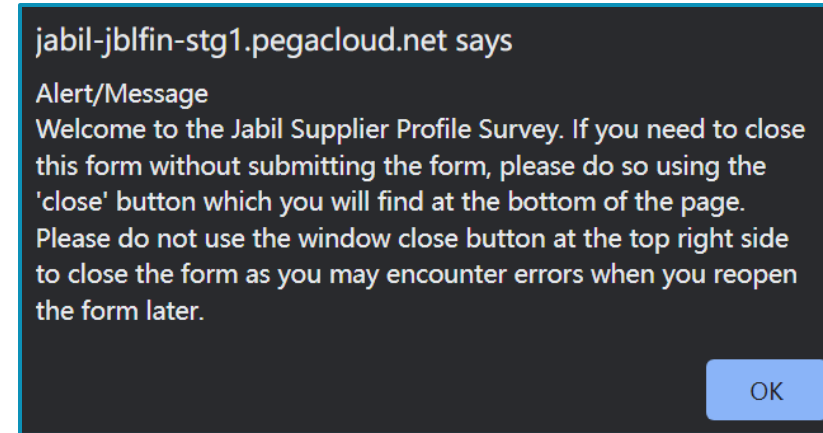

Submit PPAP

Step 2: Read through the important warning message, then click “OK” to close it.

Supplier must follow the correct way to close the window, otherwise the case will be locked for 2 hours.

- Wrong way to close the assignment: Close the window by “X” directly.
- Correct way to close the assignment: Click “Save”, or “Submit” or “Close” at the bottom of the window firstly, then click “X” to close the window.

Submit PPAP

Step 3: Fill all the required fields.
