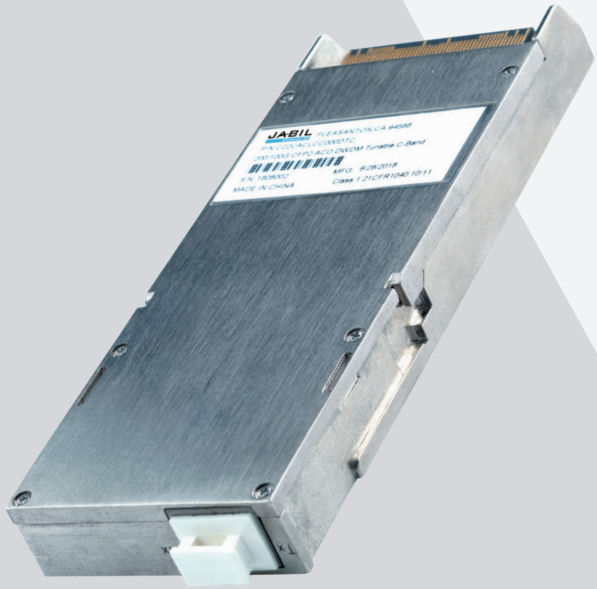
DATA SHEET

100G/200G COHERENT CFP2-ACO



KEY FEATURES

- Highly integrated with dual polarization IQ modulator and a coherent receiver including 90° optical hybrids and waveguide PIN detectors
- Supports modulation formats lOOGbps DP QPSK, 150 Gbps DP-8QAM, 200Gbps DP-16QAM
- Narrow line-width laser with gridless DWDM wavelength tuning across full C-Band
- Power dissipation < 12W
- Duplex LC configuration
- Operating temp range: -5°C to 70°C
- RoHS-6 compliant
- Hot pluggable CFP2 form factor

APPLICATIONS

- 100G/200G Metro/DCI, and Long-haul DWDM applications

5960 Inglewood Dr., Suite 100, Pleasanton, CA 94588 USA Phone: (925) 366-8687
