TAICHUNG, TAIWAN
STAMPING

GREEN POINT
A JABIL COMPANY

Established in 2005, Jabil Green Point Stamping facility in Taichung specializes in the production of structural parts as well as cosmetic parts for the mobility, automobile and medical devices segments.

Occupying 25,976 sqft of manufacturing space and supported by a skilled workforce, Jabil Green Point's Stamping facility offers advanced stamping technologies including design and manufacturing of stamping die and related cosmetic processing (e.g. anodizing, hairline, laser marking, CNC), that provide one-stop production for our customers.

We work closely in collaboration with our R&D teams to develop innovative processes for new products, which contribute to the development of innovative products and cost-effective solutions that meet our customers' ever-evolving needs.

JABIL GREEN POINT STAMPING

A production hub for your unique needs.
