

OVERCOME CHALLENGES

Current markets are **COMPETITIVE AND FAST-PACED**

QUALITY is becoming increasingly more important

PRODUCT REALIZATION IS CHALLENGING as is new product introduction

Manufacturing your product **REQUIRES SEVERAL EXTERNAL PARTNERS**, creating complexity

Reduce manufacturing costs without reducing the quality of materials

Gain greater control of your supply chain by reducing the number of external suppliers

Avoid contamination of parts and speed your time to market with a Class 10,000 Cleanroom

Jabil SOLUTIONS

- Add Die Cut capabilities within your existing Jabil supply chain
- Use our in-house die-cutting to eliminate the hassle of using an external supplier
- Have peace of mind with a full quality guarantee of the materials used for your product
- Receive the highest quality die-cut materials at the best price
- Utilize our Class 10,000 Cleanroom for production
- Produce your parts in a clean manufacturing environment

INDUSTRY TRENDS

- ✓ New technologies are changing the way products are being manufactured
- ✓ Environmental impact. Focusing on material sources, waste, recycling, and product cycles
- ✓ Increase focus on visual appeal in addition to function
- ✓ Automation is creating cheaper labor solutions and more precise application
